PROFILE

UI/UX Designer with a Computer Science background and hands-on experience in user research, wireframing, and prototyping. Skilled at understanding how people interact with products and translating those insights into clean, easy-to-use designs. Experience across startup and corporate environments, providing a strong mix of speed, structure, and user empathy.

SKILLS & TOOLS

Design Skills: User Research, Wireframing, Prototyping, User Flows, Visual Design, Problem Solving

Tools: Figma, Adobe XD, Adobe Illustrator, Adobe Photoshop, Balsamiq

EXPERIENCE

UI/UX Designer | Trionova Technologies

Mar 2026 – Aug 2026

- Designed end-to-end UI/UX solutions for multiple healthcare and service-based applications.
- Collaborated with developers and stakeholders throughout the design process.
- Created user flows, wireframes, high-fidelity designs, interactive prototypes, and design systems.

Vedic Application (In Development)

- Designed User, Provider, and Admin applications.
- Created booking flows, service management, payment, and dashboard interfaces.

Mangalyacheppu

- Designed the User application and Admin Dashboard.
- Created booking, vendor management, and administration workflows.

Pharmacy & Appointment Booking Application (Internal Project)

- Designed patient flows for online and offline consultations.
- Created medicine ordering, appointment booking, and prescription management interfaces.

Doctor Application (Internal Project)

- Designed appointment management, patient details, consultation history, and schedule management screens.

UI/UX Design Intern | Brand Mindz

Sep 2025 – Nov 2025

- Designed user flows and prototypes based on research findings, with a focus on improving how users navigate through the product.
- Iterated on designs based on feedback, sharpening usability issue identification.

UI/UX Designer | Vetri Technology Solutions

Aug 2024 – Dec 2024

- Worked on user-centered design processes including research, wireframing, and prototyping.
- Contributed to improving usability and overall product experience across multiple projects.

Relationship Manager | ICICI Bank

Apr 2025 – Sep 2025

- Handled client interactions daily, building strong communication skills and real-world perspective on user needs and pain points.

Data Entry Operator | RSV Infotech

Aug 2023 – Aug 2024

- Maintained accurate records and ensured efficient data handling; developed attention to detail and consistency in structured work.
